Recycled plastic footing with rounded edges and carry handle

Octagonal plastic footing with rounded corners and handle

This 8-sided fence block is made from recycled plastic and weighs 26 kg. Thanks to its rounded corners and practical carry handle, it can be easily moved by one person. The rounded design enhances safety in pedestrian-heavy or high-traffic areas. Ideal for placing temporary signs, fencing or barriers.

- Made from recycled plastic
- Carry handle for easy transport
- Safe design with rounded corners

Versatile plastic footing for signage and barriers

This recycled plastic footing is suitable for securing various types of signage. Its solid shape and stable profile ensure signs or fencing remain upright, even in changing weather conditions. Want to learn more? Please feel free to contact us.
