## Plastic fence foot 25kg – durable and stable

### Solid plastic fence block with smart design

This 25kg plastic fence foot is made from high-quality recycled plastic and provides a stable base for setting up temporary fencing. It is lighter than a standard concrete block but thanks to its clever design, it still offers a robust and reliable foundation. An ideal solution when you need stability without compromising on ease of use.

- Made from recycled plastic
- Lighter than concrete, yet highly stable
- Smart design for easy stacking

### Durable and practical in daily use

This strong plastic fence block is fully made from fused recycled plastic and retains its clean and professional look even after intensive use. The blocks are easily stackable and simple to handle on-site. Want to know more? Feel free to contact us.
