## Compact and durable post for temporary site marking

### Quick marking with minimal effort

This Ø14 x 1000 mm iron post is ideal for quickly marking or fencing off specific zones. The forged tip allows for easy insertion into soft ground, ensuring stability and speed during setup. Commonly used with red-and-white marking tape or mesh netting to enhance visibility on site.

- Compact and user-friendly design
- Forged tip for easy installation
- Durable and solid construction

### Practical and versatile

Whether for construction sites, events, or temporary demarcation, this iron post offers a fast and reliable way to create clear boundaries. Lightweight yet strong, it's a practical choice for professionals who need efficient, reusable marking equipment.
