### Efficient transport and storage of Heras pedestrian barriers

#### Practical solution for barrier transport and storage

This transport rack makes storing and transporting 22 crush barriers (19-bar model) simple and organised. Its open design allows access from both sides, making it easy to unload the barriers quickly and efficiently on site. This not only saves time but also reduces unnecessary lifting.

- Capacity for 22 crush barriers
- Accessible from both sides
- Fits a standard trailer perfectly

#### Smooth loading and deployment of barriers

This transport rack is a smart solution for anyone working regularly with temporary barriers. Whether you're managing events, roadworks or construction sites, this rack helps you work faster, more safely, and more efficiently.
