User-friendly system for transporting 30 temporary fences

Efficient transport with a single, comprehensive system

With this transport rack, you can effortlessly transport and store 30 temporary fences, including footings and couplers. The rack has been designed with ease of use in mind, so you can quickly distribute the fences across the site. The sturdy frame also ensures that the transport racks can be safely stacked during storage and transport.

- All-in-one transport system
- Easy loading and unloading
- Space-saving

Flexible transport and simple stock management

The transport rack can be transported both lengthways and widthways, making it versatile for use at various temporary locations. When dismantling the temporary fences, the contents are easy to check, allowing you to quickly create a clear inventory.
