## Double swing gate for safe access to any construction site

### Solid double swing gate for long-term use

This double swing gate is the ideal solution for managing traffic on and around construction sites. The gate leaves swing smoothly up to 180° and are continuously adjustable, ensuring they always hang straight. Mounted on a base plate, the gate is quick to install and suitable for hard surfaces. The robust steel frame and smart locking system make it both a safe and practical choice for temporary or semi-permanent setups.

- 6-metre clear opening
- Solid lock design with internal ground bolt
- Hot-dip galvanised as standard for long-lasting protection

### Maximum safety through clever design

The unique locking system with drop bolt prevents the gate from being easily forced open. With its safety nut and sturdy construction, this swing gate withstands heavy use as well as attempts at vandalism. The swing gate is available in various widths (2x2, 2x2.5, 2x3, 2x4m) with a standard height of 2 metres. Want to know more about Heras swing gates? Feel free to get in touch.
