Direct pedestrian access within your fencing line

Robust pedestrian gate with smart design

The Round Top pedestrian gate is a smart and practical choice for creating a clear and safe pedestrian access point. This gate is specially designed for use within temporary fencing lines. With its rounded top frame, integrated lock and smooth swing mechanism, it is both safe and user-friendly. Hot-dip galvanised for optimal rust protection.

- Supplied with wheel, hinge and cylinder lock
- Delivered fully pre-assembled
- Compatible with any temporary construction fence

Easy installation and clear access

The gate is delivered fully assembled. You only need four fence clamps to securely attach it to your fencing line. Thanks to the rounded top and fixed pivot points, the gate is easy to open. This makes the Round Top pedestrian gate a space-saving and low-maintenance solution.
