## Clear and safe pedestrian access for temporary locations

### Easy pedestrian access at temporary sites

The yellow Round Top pedestrian gate is specially designed for use on construction sites and other temporary locations where safety and visibility are essential. Thanks to its signal colour, the gate stands out immediately, making it clear for visitors, staff and emergency services where pedestrians can safely enter or exit the site.

- Finished in bright yellow for extra visibility
- Supplied complete with wheel, lock and fixed hinges
- Ready to use with just four fence clamps

### Easy installation and robust design

The gate comes fully assembled and ready for immediate use. You only need four clamps to connect it to the fencing line. Thanks to its robust construction and galvanised steel finish, this pedestrian gate is both durable and user-friendly.
