A practical solution for a wide vehicle access

Spacious and efficient access for vehicles

With this 7-metre Round Top gate you can create an extra-wide and clear passage for vehicles on construction sites and other temporary locations. Thanks to its double design, this gate is ideal for heavy traffic, large equipment and lorries. The wide passage and suitability for intensive daily use make this gate a reliable choice.

- Delivered ready for immediate use
- Extra wide 7-metre passage
- Distinctive rounded top

Complete, robust and easy to assemble

This double gate comes with a lock, wheels and hinges and is easy to assemble with standard couplers. This allows you to quickly create safe and clear access. In addition, the round top ensures a professional look and extra stability. This strong construction guarantees a long lifespan, even with intensive use. The 7-metre Round Top gate is therefore a practical and efficient solution when you need a spacious, stable and reliable passageway on a temporary basis.
